

“DIMOKRITIO” UNIVERSITY OF THRACE

The cooperation between **ESA Security Solutions** and Dimokritio University of Thrace began on January 1st 2013 with the **immediate staffing and start of the project within one (1) day.**

There are stationary and mobile units at the University facilities in Xanthi, Komotini, Alexandroupoli and Orestiada. For the optimum implementation of the project, patrol vehicles are used during night shifts for the security coverage of Komotini and Xanthi facilities.

Contract employs, an experienced team of **40** specially trained and certified guards, with excellent knowledge of local conditions, led by 2 supervisors. **ESA** implements a security plan approved by the University’s Administration.

BENEFITS FOR “DIMOKRITIO” UNIVERSITY OF THRACE

ESA contributes significantly in creating a safe environment for students faculty and University’s administrative staff, thus allowing unimpeded efficient operations. University labs protection from theft and damages is extremely important as the equipment is both expensive and necessary for the training procedure. Finally, a significant reduction of the operating cost and energy consumption is achieved thanks to regular check of the university buildings.
