

CIVIL AVIATION AUTHORITY (CAA) (THESSALONIKI, RHODES AND CORFU AIRPORTS)

The cooperation between ESA Security Solutions and CAA began in May 2015 for the “Macedonia” Airport in Thessaloniki and continued in November 2015 for the “Diagoras” airport in Rhodes and “Kapodistrias” airport in Corfu, with the approval of the Minister of Transportation, Infrastructures, Maritime Affairs and Tourism.

In the airport terminals, we offer the following security services:

- Access control and security of passengers / hand-luggage
- Baggage security control (100% hold baggage)
- Cargo and mail control
- Airport facilities guarding services, with stationary guards and patrols.

ESA employs more than 500 certified security screeners and invest in the continuous development of all agents through recurring training and personnel management.
