

FRAPORT GREECE

ESA Security Solutions started over its cooperation with Fraport on April 2017.

We provide aviation security services to all cluster - A Regional Airports being Kavala, Thessaloniki, Kerkyra, Aktion, Zakynthos, Kefalonia and Chania.

We extensively focus on the provision of:

- Passenger and Hand Baggage Screening
- 100% Hold Baggage Screening
- Cargo and Mailing Screening
- Access control of the airports critical parts
- Guarding and Patrolling

We pay attention to the continuous knowledge and performance improvement of our security screeners through the use of CBT TUTOR 3 Simulator, the most powerful technological tool for hand baggage screening training.

We effectively support the commercial development of our regional airports and actively contribute to the improvement of passenger services provided to our international guests.
